REMARKS

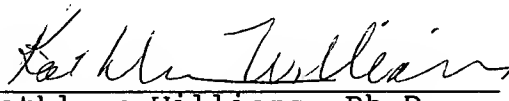

Claims 27-38 were rejected under 35 U.S.C. §103 because the Rule 1.131 declaration submitted to antedate the Cousens et al. reference was considered insufficient. A new Rule 1.131 declaration is enclosed and has been signed by all of the inventors. This declaration satisfies the requirements of Rule 1.131 and places the claims in condition for allowance.

Applicants also note that the filing receipt does not contain all of the priority information. The receipt should note that the above-referenced application is a divisional application of USSN 07/462,297, filed 12/28/89 which is a continuation of 07/028,484 filed 3/20/87.

Applicants submit that the claims now are in condition for allowance and such action is respectfully requested. Enclosed is a check for \$55 which extends the time for response up to and including October 10, 1992. If there are any charges, please debit Deposit Account No. 20-0531.

Respectfully submitted,

Date: Oct 7, 1992
